- Buffalo Express
- Parent/Student Handbook

## Teacher WebPages

Visit the Teacher Pages link under the Quick Links section of the building website for a list of teacher web pages. The website contains updated information on our buildings and classrooms. For questions about a Teacher Page, please contact your child's teacher.

## PowerSchool

Use PowerSchool to check your child's grades online or via the app. Create your own account with the school-provided parent access code. If you need an access code, please contact your child's teacher or email [grove@freeport.k12.pa.us](mailto:grove@freeport.k12.pa.us)

## Schoology

Use Schoology to view materials for your child's courses. Create your own account with the school-provided parent access code. If you need an access code, please contact your child's teacher or [isenberg@freeport.k12.pa.us](mailto:isenberg@freeport.k12.pa.us)

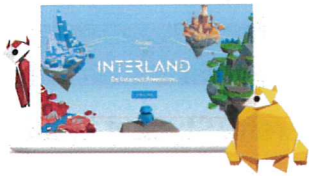

## Clever

Clever is a student portal that organizes online learning tools in one place. Log in to Clever using your child's Clever account.

**Username** = student number  
**Password** = fasd2018

# FREE APPS & SITES FOR AFTER SCHOOL

## Be Internet Awesome - Interland (Grades 3-5)

<https://beinternetawesome.withgoogle.com>

(FREE - Web-based, works on mobile browsers as well.)

Before playing their usual online game, encourage your child to play a few minutes of Interland, a playful online game that makes learning about digital safety and citizenship interactive and fun – just like the Internet itself.

## Khan Academy - (Grades 3-5)

<https://www.khanacademy.org/>

(FREE - Web and app available)

Are you struggling with helping your child with math homework? Check out Khan Academy! Created by experts, Khan Academy's library of trusted, standards-aligned practice and lessons covers math K-12 through early college, grammar, science, history, AP®, SAT®, and more.

## Khan Academy Kids - (Ages 2+)

<https://www.khanacademy.org/kids>

(FREE - App only)

For an education and engaging app for younger children, check out Khan Academy Kids. You can add multiple children to the app and create a personalized learning path, ensuring each child is presented with math, reading, and logic activities, books, educational videos, and creative lessons that allow them to learn at their own pace.

## ABCYa! - (Grades PK-6)

<https://www.abcya.com>

(FREE Website - Subscription needed for App access)

If you're looking for educational games, try ABCYa! This is an educational games website that organizes games by grade level (K-5) and subject categories, including letters, numbers, holiday games, and more. Games include arcade-style games that kids use arrow keys to play, word find games that can be played on screen or printed, and more.

## Quizlet (K-5)

<https://quizlet.com/>

(FREE website and app)

Quizlet lets you search or create flashcards for any topic or grade level. Search for "5th Grade Spelling Words" or make your own. Once a set is created, students can study the cards, play matching games, or take speed tests to help with memorization.

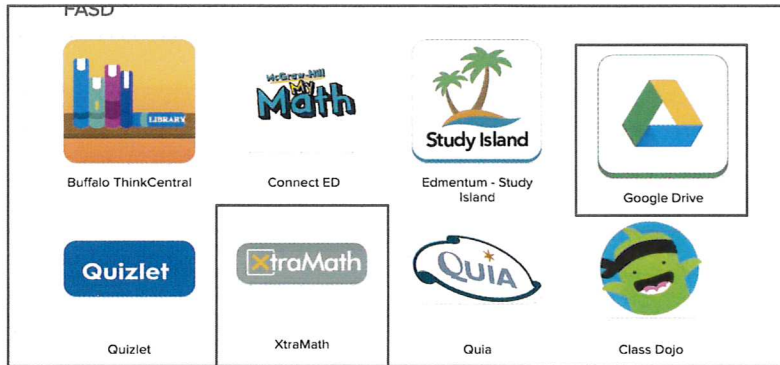

## Clever

Clever is a student portal that organizes online learning tools in one place. Log in to Clever using your child's Clever account.

**Username** = student number

**Password** = fasd2018

From your Clever dashboard, click a link to access one of the many online learning tools listed. See the table below for login information.

## Linked on Clever

### ThinkCentral

Access your child's reading book.

Grade	Username	Password
Kindergarten	SBUFFREAD0	fasd2018
First Grade	SBUFFREAD1	fasd2018
Second Grade	SBUFFREAD2	fasd2018

## Wonderscope

PreK -Grade 5 - Free with paid options  
iOS

Imagine your favorite book came to life on your floor and asked you to play a part in the story! Wonderscope is an iOS app for kids that uses augmented reality to transform ordinary spaces into extraordinary stories.

# MATH APPS FOR HOME

## Apps from The Math Learning Center

Website as well as iPad apps that function as virtual math manipulatives. Number blocks, counters and frames, pattern blocks, geoboards, number lines, etc. These apps can be used on the web or iPad by searching The Math Learning Center. They are not games, they're best used in conjunction with an activity where you would normally use real manipulatives.

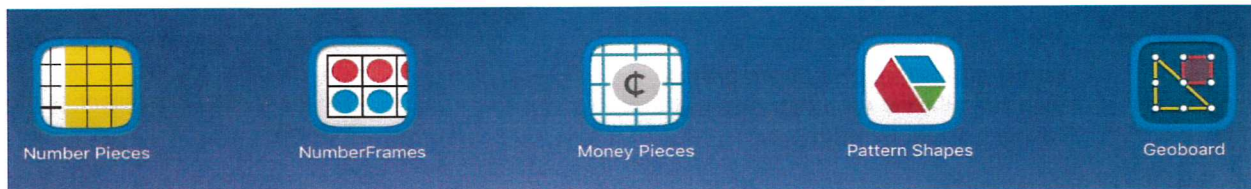

[Number Pieces - The Math Learning Center](#)

[Number Frames - The Math Learning Center](#)

[Pattern Shapes - The Math Learning Center](#)

[Geoboard - The Math Learning Center](#)

[Number Line - The Math Learning Center](#)

## Gracie & Friends Early Math Apps

These research based apps are designed for early math skills.

[Lemonade Stand](#)

[Birthday Cafe](#)

## Duck Duck Moose Apps

[Moose Math](#)

Engages kids in a math adventure and teaches counting, addition, subtraction, sorting, shapes, and more.

[Fish School](#)

Teaches letters, numbers, colors, and shapes. Follow fish forms, touch, tap and drag to make fish do funny things. Good for very young students or students who need the basics. (Ages 2-5)
