THE NEW FACES OF MODERN MANUFACTURING

Name:Dan FetchkoHigh School:Freeport High SchoolJob Title:Apprentice MachinistCoolest thing about your job:

Working with my hands on a daily basis. Also, Learning while on the job and getting paid to do it! Hobbies: I enjoy wrenching on my car, playing tennis, lifting weights and even gaming on my custom built gaming computer which I build myself. Career Goals: To learn as many skills as possible at Penn United Inc. and continue my apprenticeship and completing the BC3 courses for a college certificate.

What did you want to be when you were a kid: I knew I wanted to do something involving building and creating but I wasn't sure what.

Brought To You By: Penn United Technologies Inc.
